Milestones

CANCER Council WA is celebrating 20 years since the launch of its SunSmart Schools program, which has seen more than 200,000 WA kids grow up with a reduced risk of skin cancer. All Saints' College principal Belinda Provis said they joined the SunSmart Schools program in 2002 to encourage their students to adopt lifelong healthy habits.

"All Saints' College has been proactive for many years in ensuring our young people understand the importance of being SunSmart," she said.

Alexander Mackinlay, Scarlett McVeigh (back row), Jayden Khoo, Alex Bortolotti and Renae Rhodes.
