Fremantle have selected Philipa Seth with pick 28 in today's AFLW Draft in Melbourne.

Seth, who works as a physiotherapist in the South West, was surrounded by proud work colleagues when notified of her selection.

The half back flanker has played with East Fremantle at West Australian Women's Football League level since 2010.

Seth is the second West Australian selected by the Dockers so far in today's draft, with Claremont Football Club's Jasmine Stewart utilised with pick four.
